Lane Venture®

Style - Comfort - Quality

Purchasing premium outdoor furniture is an investment that you will be living with for many years, so it's important that you choose wisely. We know that you have many choices for your outdoor needs and are pleased that you're considering Lane Venture products for your home. In making that choice, we believe it's the combination of style, comfort and quality that makes the difference, and you have our assurance that we are committed to providing that distinction in all of our offerings.

•Style

In this catalog you will find original designs from the latest fashion to classic styles, all by the finest furniture designers across America. We are passionate about color, pattern and texture in our frames and fabrics, and we realize that as you create your personal style, nothing is more important than having selection. This catalog and fabric assortment insure that you'll find the perfect match for your needs.

•Comfort

Comfort doesn't just happen. All of the various aspects of a frame including scale, seating foundation and cushions must work in harmony to achieve the high standard we expect at Lane Venture. The Weather Master Ultimate Outdoor Cushion is top-rated for superior comfort, and our product development team has a keen understanding of what it takes to put it all together. The result of this on-going pursuit is state-of the-art technology that is manufactured and offered exclusively by Lane Venture to provide you the best seat outside the house.

•Quality

Using the finest materials and proven techniques, we craft products that stand the test of time. We test both the components and the completed furniture for UV exposure, salt spray, adhesion and structural integrity in a combination of laboratory and field tests to assure you'll be pleased with your investment for many years. And because we expect that our products will be used and enjoyed, we also test for stain resistance and clean-ability so that you can keep your furniture and fabric looking new.

Lane Venture is proud to be your resource for stylish, comfortable and premium-quality made-to-order casual home furnishings. You'll find that our products are designed to enjoy and built to last.

THE WEATHERMASTER ULTIMATE OUTDOOR CUSHION

The single element that ties all of Lane Venture's outdoor collections together is the unique drainable cushion that combines a variety of features making it comfortable, functional, durable and easy to clean.

- The cushion core is a composite of multiple layers of premium quality thermally bonded fiber chosen for comfort, durability and drain-ability.
- Fiber layers are encased in a durable polyethylene netting designed to improve air-flow.
- The casing is made of your choice of premium outdoor fabrics, most of which are solution dyed acrylics, and features a sewn-in mesh bottom to allow a water flow through the cushion, through the mesh and out the bottom of the frame.
- The combination of thermally bonded fiber and the quick-drying construction minimizes the opportunity for mold and mildew.

PREMIUM FRAME & MATERIALS

- Sling-seat foundation for comfort, durability and drain-ability.
- Frames are constructed and upholstered using weather resistant fasteners, outdoor fiber and mesh fabric.
- Slipcover and cushion seams are serged to allow machine washing and air-drying without fraying.
- Slipcover skirts are lined for proper draping.

FABRIC AND FASHION

Nearly seven decades ago, Hickory Tavern, Lane Venture's parent company, began producing high-styled fine quality bench-built upholstered furniture. That well-established foundation continues and many of the same employees who build our interior products also create the highly fashionable outdoor products offered today.

Reflecting the latest color and fashion, a wide array of fabric choices are selected and correlated to complement Lane Venture's frame styles and colors. Because one third of the fabrics are exclusive to Lane Venture and won't be found at any other manufacturer, it's easy to capture a uniquely blended look that is both stylish and has timeless appeal.

PUNCH PILLOWS

PUNCH pillows feature Lane Venture's outdoor fabrics that are applied in unique applications and use dress-maker quality type tailoring treatments. Designed to add a "punch" of excitement to a sofa or chair, these pillows have all the look of a one-of-a-kind find.

YOUR LOCAL DEALER
