OSTERLEY MANOR BY HENREDON

Osterley Manor; individually arresting designs that share a common commitment to classical ideals...blending the vibrancy of the past with the relaxed sophistication of the present. Culturally rich furnishings with a noble continental heritage: Louis XVI, Directoire, French Empire, English Regency. Stunning dining rooms, bedrooms, tables, consoles, cabinets. Enlivened with ancient architectural details: Doric and Corinthian columns, pediments, arches...beautifully carved entablatures. Executed in highly figured European and American walnut burl, figured American walnut, and Macassar ebony veneers. And accented with optional custom paint and lacquer finishes. A remarkable collection that defines ancient classicism in persuasive modern terms.

FINISH

At Henredon finishing a fine piece of wood furniture is an art involving many hand operations. While we are very careful to formulate each finish and apply it to exacting standards, variations in color will occur. Woods vary in their acceptance of finishing materials; hands vary in their touch. The finishes shown here are as close to the actual finishes as the most sophisticated photographic reproduction methods can produce.
